 you. Please like the sister I've had. I shall never, ever forget
 you're friend.

Pam,

I have had more pleasure knowing you this year than anyone else in this school, maybe its because you such a swell girl, whatever the reason it sure has been fun. Don't ever forget Ltn. Murre with "Romus and Juliet Theme". Everytime I hear it it will remind me of you and how we use to call to it and also the T-Sig & Butonen albums. It has been a long year, but here we are ready to leave it. I could write so much more but considering the space I have left I wont. Be good fine Pam I hope you have the best of everything in life. DEDICATION

We dedicate the 1966 *Viking Log* to Mr. Kenneth Pschorr, an excellent teacher and a real Viking fan. We hereby wish to acknowledge all the contributions that he has made to Northeast High School. He has taught here for a number of years, after receiving his bachelor's degree at St. Norberts College.

Mr. Pschorr is well-known for his interesting physiology classes and makes this subject absorbing and provides his students with a sound preparation for further scientific studies. He brings his enthusiasm to both his classes and to the Para-Medical Club, which he sponsors. Mr. Pschorr's interests are not confined to schoolwork. He is an avid sportsman and outdoorsman and enjoys coming to almost every Northeast athletic event. We feel that Mr. Pschorr exemplifies the very best qualities that a teacher should have.

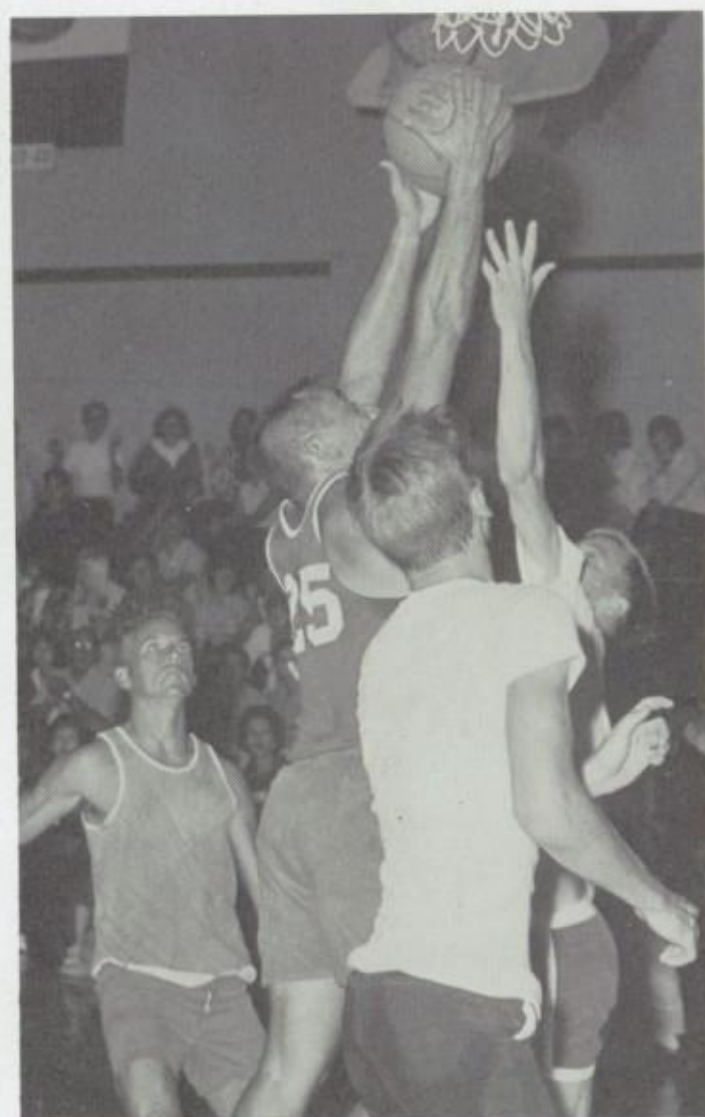

Every fall the Viking ship embarks on a voyage of exploration. Manned by a capable crew of teachers, advisors, and seaworthy students, the ship faces the challenges and problems of the new school year. The experienced teachers help the crew find their places in the new venture into the unknown. Through the storms and the calm waters of their voyage, the Vikings are victorious in realizing their goals and ambitions. Some of the crew leave the ship to venture out on their own small crafts; the rest fill their places and newcomers join. Each year the Viking ship embarks on still another voyage, entirely different from the last. The older crew members, mellowed with experience from their three voyages, enlist for a greater voyage on the sea of life.

During the voyage, a record is kept of the ship's journey. The Viking Log, the result of careful charting, plotting, and navigation, stands as a record of the 1965-66 VOYAGE OF EXPLORATION.

Greetings from Colombia!

Pepita quickly adopted the likes and dislikes of Northeast students.

Exchange Student

Maria Josefa Devis arrived in St. Petersburg on September 3, 1965 to begin a year's studies as an exchange student at Northeast. A vivacious senior from Bogota, Colombia, "Pepita" immediately became involved in all activities. At school she studied hard to earn credits and to learn English, while she participated in Keyettes and Rojan service clubs. Through Red Cross, Pepita worked as a candystriper in the hospital and gave many speeches to civic groups concerning her life in Colombia and her experiences here.

A big thrill to the entire student body was having Pepita as an honorary member of the Homecoming Court.

We were all sorry to see Pepita leave in January.

With the help of Mrs. Simms, Pepita learns a new language.

Homecoming

The annual Homecoming activities were expanded under the direction of Senior Class Committee heads Jim Chapman and John Domeier. The festive weekend began with a bonfire and a pep rally led by the cheerleaders. The pre-game show was highlighted by a parade of the Homecoming court. The action-packed game resulted in a tie with Bishop Barry. During half-time, the Scarlet Band performed, and Mr. Rothchild crowned Ann Peterson, our 1965 Homecoming Queen. Homecoming ended with a dance on Saturday night.

Boy cheerleaders add to the fun at the game.

They are Junior Class leaders and outstanding individuals.

Most humorous: Tom Stovall and Pat Hulse.

Most likely to succeed: Stewart Sando and Lee Hood. Most intellectual: Danny Wright and Debbie Adams.

A faculty committee appointed by Mr. Rothchild selected twenty-four seniors on the basis of their outstanding high school records in activities, sports, and scholastic achievements. Each of these students has made a lasting contribution to Northeast High School and exemplifies the very finest qualities of a mature young person.

Faculty And Academics

I sing the praise of the unknown teacher . . . Patient in his daily duty he strives to conquer the evil powers which are the enemies of youth. He awakens sleeping spirits. He quickens the indolent, encourages the eager, and steadies the unstable. He communicates his own joy in learning and shares with boys and girls the best treasures of his mind. He lights many candles which, in later years, will shine back to cheer him. This is his reward.

—Henry van Dyke

MR. THOMAS H. ROTHCHILD
Principal

Mr. Rothchild welcomes a new student
to Northeast.

Principal

A great novelist once stated that his life was made beautiful because he had a friend. Northeast was extremely fortunate to have as principal this year a man who proved himself to be a friend to every person connected with the school.

Mr. Thomas Rothchild once taught at Northeast but spent the last few years working as supervisor in several areas in the county school system. Mr. Rothchild received his master's degree from Columbia University and did advanced graduate study in school administration at Florida State University.

During his first year as principal, Mr. Rothchild became an integral part of the school. He attended almost all school events, giving them his complete support and co-operation. Mr. Rothchild has created many innovations here at Northeast: a new lunch schedule, new senior privileges, and a new assembly schedule including all periods. Our principal has also made our mornings brighter by personally making the announcements and by presenting a daily inspirational message.

One short year has shown the full range of Mr. Rothchild's capabilities. He was a businessman at his desk, a sportsman at the Carnival, and a cook at a band fishfry. However, we remember him best as we often saw him striding through the halls, greeting students, and stopping to chat with them. Mr. Rothchild's interest in all of us has made him a friend and advisor whom we will always remember.

Mr. Rodgers explains a point of interest to Mr. Rothchild.

Art and the Industrial Arts

Working with diverse substances in art classes enables a student to experiment in many ways. Art classes at Northeast are designed to help the student gifted in drawing or painting and to show him how to use his talents. Northeast art students enter many contests, bringing recognition to the school with their numerous awards.

In today's world there is a great need for persons trained in the design, building, and use of tools and machines. For the purpose of training our students, the industrial arts department offers courses in shop and drafting. In shop, a student learns to use wood-working tools to make objects such as chairs, wall decorations, and boats. The course in drafting is useful to students wishing to become draftsmen and to those wanting instruction in basic arts.

It is very important for a person learning to drive to understand his car and everything connected with it. Not only does driver education give the student a chance to drive under the supervision of the qualified instructor, but it also presents to the student traffic ordinances, safety procedures, and auto mechanics. Vivid movies show the effects of careless driving, proper driving techniques, and check-points in buying a car. These and other factors in driver education help students know their cars.

English Department

English is the basis of every student's high school studies. Honors English is an accelerated course stressing techniques of literary criticism. In creative writing, students perfect their style of writing. The standard English course covers literature, grammar and usage, vocabulary, and an introduction to art and music appreciation. Students read both selections in the literature textbook and required novels and plays.

In sophomore English, students gain a basic knowledge of grammar and write brief compositions. Juniors make an intensive study of American literature, art, and music. They become familiar with all types of writing, and many students attend lectures at the Fine Arts Museum. Senior English deals primarily with English literature and advanced composition. Students learn to express themselves clearly by writing essays and term papers.

The English department takes pride in providing a complete and useful course of study. It prepares Northeast students for national tests, for college entrance examinations, and for communication throughout life.

Library and Audio Visual

Probably the most important division of a school is its library. Every subject in a student's curriculum is covered in detail in a complete library. Assignments to be done in the library are frequently given. The library also provides a vast number of books that can be read for pleasure and to improve reading skills.

Fortunately, Northeast has a well-equipped, fully-staffed library. Additional facilities, such as a room for studying, a reference section, a magazine section, and listening booths combine to make the best possible situation for all students.

The mighty Vikings of 1965 compiled an exceptional record, second best in the school's history. Although a young squad, it was sparked by spirit and pride in a never-quit attitude based on the phrase originated by Coach McLay—"I believe." Throughout the season the team showed that they believed—in their school, their coaches, and themselves. The Vikings began the season with frustrating losses to Tarpon Springs and St. Pete., but came back to topple Seminole. Northeast then made up for tough losses to Largo and Clearwater by crushing Dunedin thirty-five to twelve in the first Northeast victory over Dunedin for several years. This game proved the turning point for the Vikings.

The slogan "I believe" became a password to victory over Boca Ciega. Although this game featured many outstanding individual efforts, Dan Topping was singled out as WFLA Athlete of the Week for his excellent performance. The Vikes compensated for a fourteen to fourteen Homecoming tie with Bishop Barry by producing a forty to nothing victory over Palmetto in a virtually perfect game. A great two-way effort by the Vikings resulted in over 500 yards in offensive gain against two yards given up defensively. The final game, against Dixie Hollins, was a sweet victory as the first home win of the season and only the second

Northeast win over this rival. The game was highlighted by two spectacular runs from scrimmage made by Ken Richards. The spirit of "I believe" resulted not only in a winning season but also in such records as 18.5 points average per game and the selection of six players for all conference, all county, or all city titles. Receiving these honors were tri-captains Ken Richards, Dave Beck, and Dan Topping, along with Ralph Lamb, Ron Reid and Jim Winters. Twenty returning lettermen from this year's team, combined with an undefeated junior varsity team, should make next year's football record even better.

Kim Alsop

Viking Coaches

This year, Northeast gained from its ranks a new head coach, Kim Alsop—a man whose leadership and drive provided a winning season in his first year as head coach. Coach Alsop has been ably assisted in his football program by an excellent coaching staff. On the line the varsity is coached by John McLay, who, after two years of coaching, has two winning seasons to his credit. The varsity ends are coached by Dennis Foster, who also acts as a spotter during games.

Our undefeated junior varsity team was headed by Coach Jon Elder, who is assisted on the line by Coach Ed Evans.

The freshman team is coached by Tom Jones and line coach Mitch Buczkowski, both of whom are in their first year of coaching.

Northeast's junior varsity this year was undefeated and unscored upon until the last fourteen seconds of its last game. This one minor letdown gave the sophomore team an average of sixteen points per game to one point per game for its opposition.

The team has many other impressive statistics to its credit. It averaged over 140 yards offensively per game to approximately sixty-five yards per game given up defensively. Over sixty-five per cent of its passes were completed.

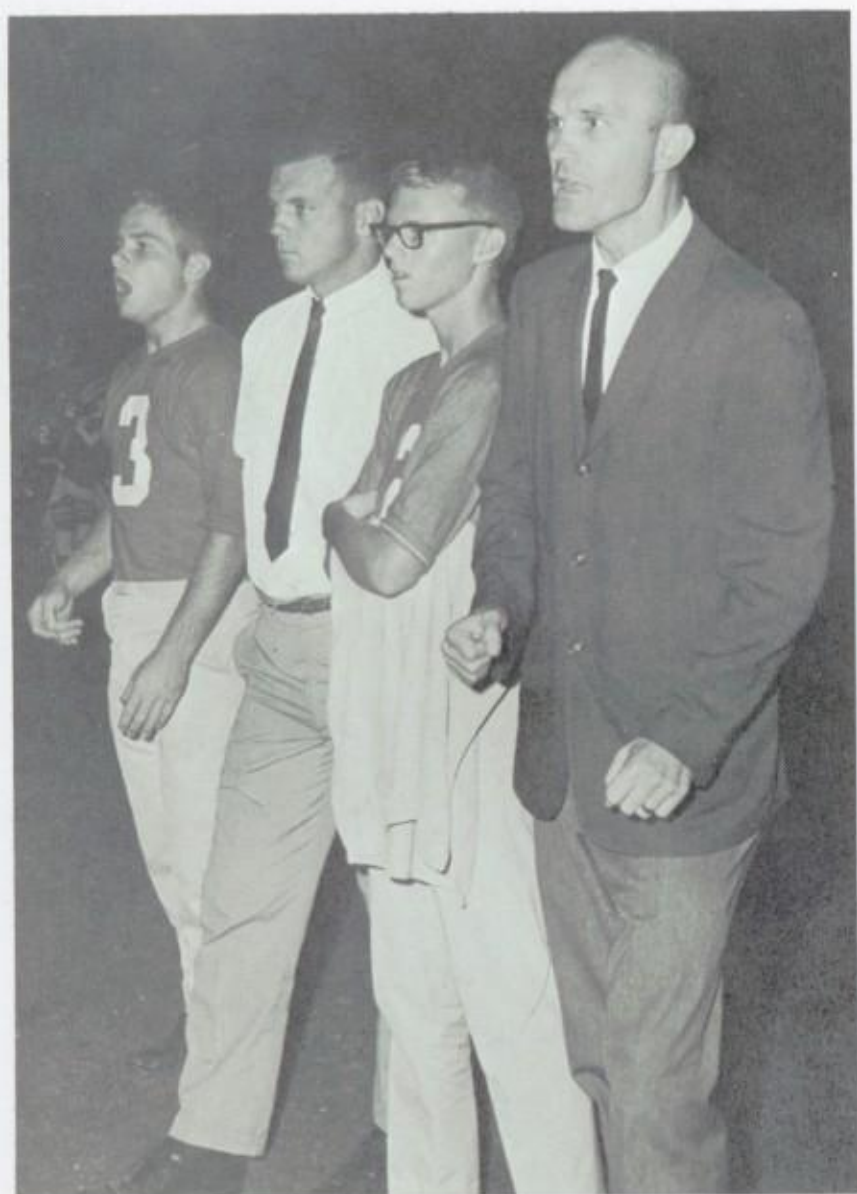

The talent and potential of the 1965 junior varsity is truly great. The combination of two undefeated junior varsity teams into one varsity next year means an excellent future for football at Northeast.

Football Training Program

Northeast's football program begins with the freshman team, which is coached by Tom Jones and Mitch Buczkowski. These coaches lead the "baby Vikes," ninth-grade students of Meadowlawn and Lealman Junior Highs, through their first taste of playing and training for football. The team compiled a record of two wins, one tie, and three losses; but more important, acquired the experience to make them the varsity stars of the future.

Coach Jones and Coach Buczkowski, along with the varsity managers, look on during a tense moment in the Boca Ciega game.

Jim Winters strives to remain in top condition.

Behind the action and bright scenes of each football game of the season, there lie innumerable hours of drudgery, sacrifice, and plain hard work by the members of the football team. Besides the two to three hours of practice daily four days a week, there is a weight-lifting and conditioning program lasting all summer which most of the boys go through. Films of other teams are shown for the athletes to study. In addition to becoming physically fit, football players train in playing strategy and in good sportsmanship. Many members of the team participate in other sports after football season to keep in shape.

Varsity Basketball

SD—a savage desire to excel—made the story of 1966 Nehi basketball an exciting one. A small, inexperienced, injury-prone team started the season with only two returning lettermen, several injuries, and three morale-crushing defeats in a row. However, the team quickly gained confidence through SD, scoring a school record of 99 points in its 14th game. The team had an uphill climb, going from last place in the conference into a four-way tie for second place. During the finest two weeks of the regular season, the Vike cagers mowed down their five top opponents, ending the grueling series by beating Clearwater and gaining state ranking. The Vikings

finished a strong second in the conference—not a bad record for a team picked to finish near the bottom of the rough PCC. Although hampered by injuries the team always came through with an all-star effort. When aces Mike Haskell and Tom Steck were both sidelined with leg injuries, Alan LeConey and Ray Berchtold filled the gaps in the offensive. Co-captain Charlie Davis was the sparkplug of the team and led in overall scoring, while co-captain Fred Feaster made many superb plays. Throughout the season, Joe Perry led the team in rebounds. All the varsity players joined in making the team's history one of outstanding effort.

SD Creed

I will maintain a SAVAGE DESIRE:

1. To Excel and be the BEST Team in the State.
2. To display OUTSTANDING SPORTSMANSHIP in relation to team-mates, opponents and game officials UNDER ALL CONDITIONS.
3. To bring the Northeast image into focus as the outstanding school in ATHLETICS, SCHOLASTIC ACHIEVEMENT and SPORTSMANSHIP.
4. To PASS ALL SUBJECTS with a high academic standing.
5. To GIVE 100% effort in practice and games—regardless of score.
6. To be LOYAL to TEAM, SCHOOL and PARENTS.

Junior Varsity Basketball

The 1966 Viking Junior Varsity basketball team, under the able direction of coach Ed Evans, compiled an excellent record of seventeen wins and four losses. Captained by Bob Dirling, the team's leading scorer, the team put forth a fine effort during every game. Other outstanding contributors were Bob Barlow, Rick Bowers, Jim Valenty, Phil Maton, and Dave Bussinger. These athletes improved their skills during the year in preparation for Varsity positions next year. These fine J. V. players plus those returning Varsity players should insure an outstanding 1967 season for North-east.

Track And Field

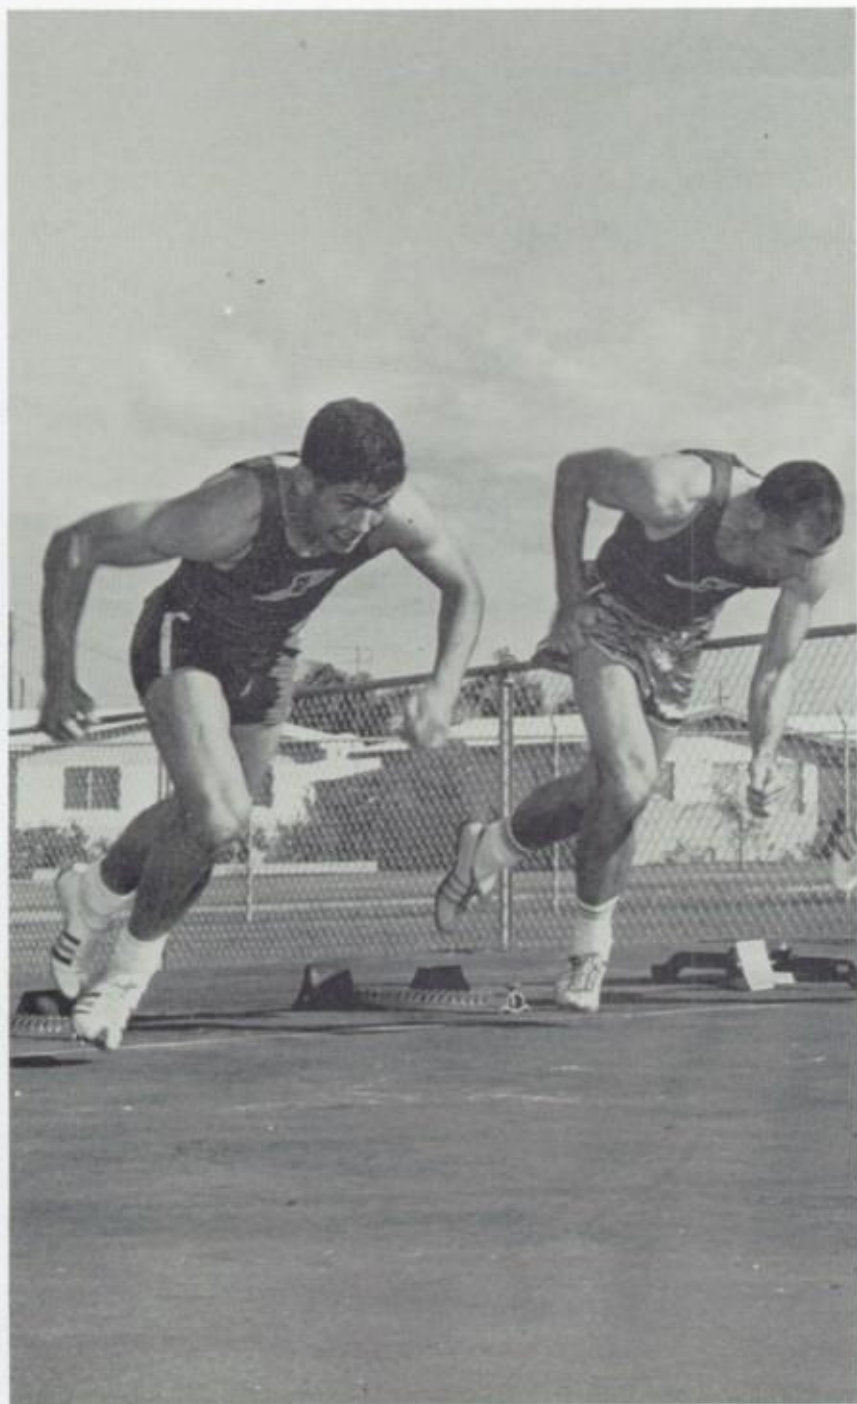

Tom Driver, cross country and distance man, comes in at the end of the cross country course.

This year's track and cross country teams trained hard to come out on top. The track team, coached by Coach Jon Elder and by Coach Dennis Foster, had many talented individuals, especially among its seniors. However, a large number of underclassmen on the team, training for the future, made the team the largest high school track team in the city's history. This great reserve strength showed the enthusiasm and spirit of the team members. Looking forward to possible state honors were: Ken Richards in 180 low hurdles, 100 yd. dash, and broad jump; Ken Greene in 180 low hurdles; Greg Comnes in discus; Chester Gauger in shot put; and Tom Driver in the half mile. The cross country team was coached by Mr. Wright.

Baseball

The Viking baseball team, composed largely of experienced returning lettermen, strived to keep up the Northeast tradition of strong, winning baseball teams. In coach Tom Zachary's background at Northeast lie two state class AA championships. Last year the NEHI baseball team was district champion. Although a small team of only sixteen players at the beginning of the season, the Vikings trained hard throughout the early spring to follow the footsteps of their predecessors.

Wrestling

Wrestling was a new varsity sport at Northeast in 1966, and one which gained in popularity as the season progressed. The Viking matmen, most of whom had never even been exposed to wrestling before, quickly took to the sport and learned fast from Coach John McLay. The team had an excellent season, with fine individual efforts adding up to a great team spirit. A good number of juniors and sophomores, combined with the team's superior season, should assure a promising future at Nehi for this exciting sport.

Golf

The Northeast golf team of this year had only to live up to its record of 1965 to be a great team. Last year the team took the first place title of the district. This year, under the guidance of coach Tom Jones, the team managed to have an equally fine record.

Although the team was composed primarily of seniors, including captain Jim Young, there was a sufficient number of underclassmen to leave a core of dedicated golfers for the future.

Tennis

The 1966 Northeast girls tennis team had a fine season. Under the able direction of Miss Jones, these girls, through dedication and hard work, polished their skills and turned in many fine performances. The juniors and sophomores will provide an excellent nucleus for next year's team.

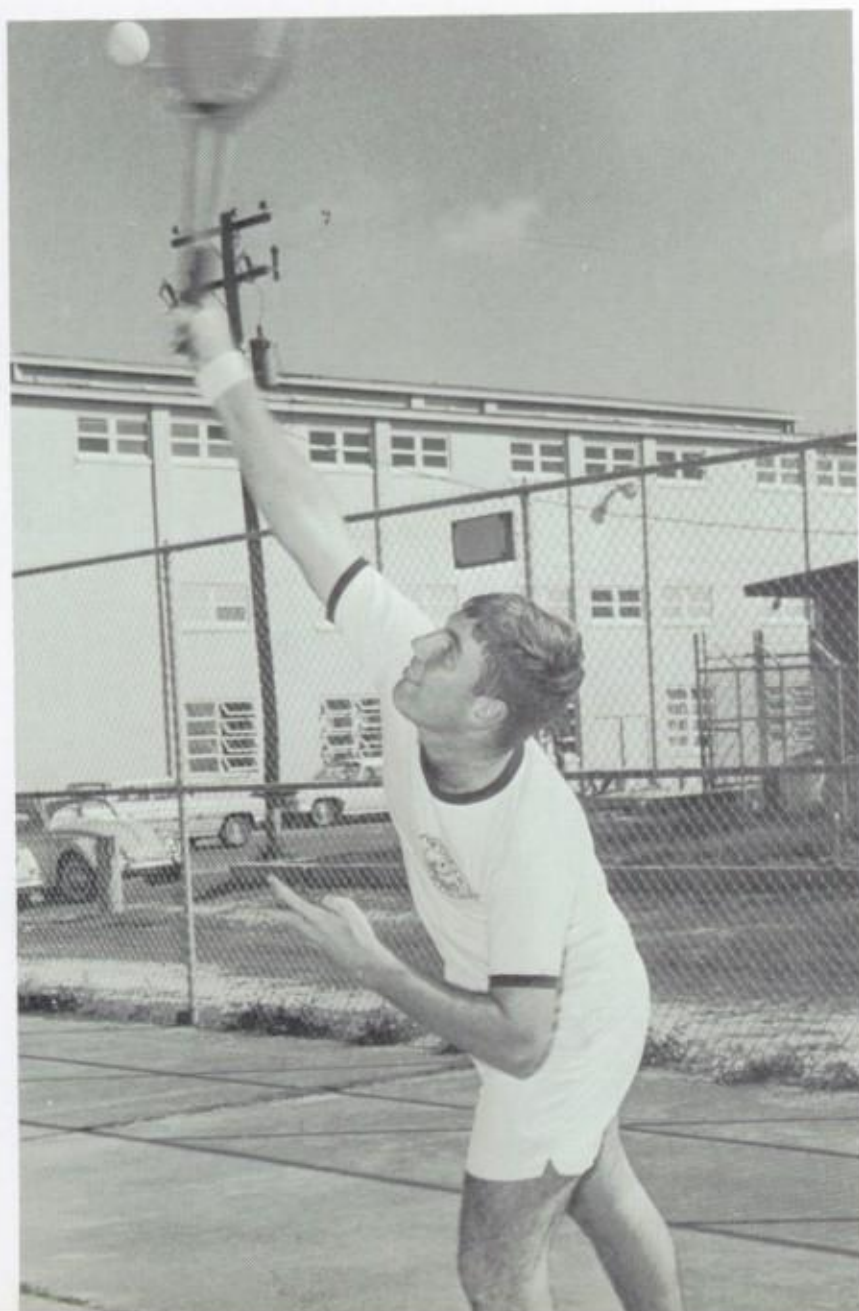

FRONT ROW: Francine Robb, Jackie Nicholson, Carol Newman, Linda Lewallen. **BACK ROW:** Barbara Shank, Finette Williams, Marty Roberts, Janice Huguet, Miss Jones.

FRONT ROW: John Patrick, Rainer Blomberg. **BACK ROW:** Neil Gorman, Lee Greene, Lee Sayler, John Baron, Bob Halvorsen.

The 1966 boy's tennis team practiced faithfully eight hours a week, striving to attain that perfection of form which separates the excellent from the merely good tennis player. The team, made up primarily of seniors, traveled around the Pinellas County area throughout the season, meeting stiff competition and rapidly becoming better athletes. Although an older team, it lacked experience, with only two returning lettermen, one of whom was captain John Patrick. The team was sponsored by Miss Jones.

Swimming

Swimmers were very grateful during winter practice for the pool heater donated to Northeast by Mrs. Helen Roberts.

The 1966 girls' swimming team, coached by Miss Freeman and captained by Kris Gagy and Sandy Backus, had almost all of its letter winners return from last year's city title team. This experience and depth gained by sophomores gave the team an early season edge against its stiff competition. Co-captain Kris Gagy won all-American and state honors in 1965, while Carol Duke placed at the state meet. This individual talent, in combination with a team spirit and hard work, made 1966 a year to remember.

The boys' swimming team of 1966 had to follow a rough tradition of excellent performance set by previous teams coached by Mr. Allen. Though only five lettermen returned from last year's team, there were many underclassmen who rapidly improved with experience. The two seasons before 1966, Northeast placed as city and conference champions, winning sixteen dual conference meets in succession. In 1965 the team had two swimmers place in state competition. The 1966 team met this challenge of previous years with courage and persistence.

Mr. Stonecipher works to achieve perfect tone and volume from interested choir members.

Gondoliers

The Gondoliers of the Choral Department are not only outstanding in the school but are also well-known throughout the city. Their repertoire includes songs ranging from baroque to modern and religious to jazz. Public performances are frequently given by this select group of talented students to earn money for the department. Music and choir robes are purchased with the money they earn. Mr. Stonecipher spends many hours practicing with the Gondoliers.

*Best Wishes
Dale Stonecipher*

National Honor Society

Our Northeast chapter of the National Honor Society consists of outstanding juniors and seniors who excel in leadership, scholarship, character, and service. Academic standards must be maintained throughout the year. Juniors are required to have a 3.25 average, while seniors keep a 3.0 average. NHS members sell doughnuts one afternoon each week and tutor Nehi students free of charge. During graduation ceremonies, the National Honor Society seniors receive the distinction of leading the class. A final tribute is given in awarding scholarship keys.

Sophomore Class

The Class of 1968 began their "Voyage of Exploration" by choosing Doc Hemburger as their president. Under his guidance they sponsored two successful booths in the carnival, played an undefeated football season, and enjoyed a lovely sophomore party. Junior Class

The Class of 1967 has proven itself to be a group of hard-working individuals. Under the guidance of Tom Stovall they presented the sophomore party, "Outer Limits," which few will forget. Under Bobby Bond, the junior class president, they worked industriously on the Junior-Senior Prom. They approach their senior year with the same enthusiasm that they have shown during their sophomore and junior years.

During their junior year, the class was sponsored and assisted by Mr. Carroll, Mrs. Thomas, Miss Jones, Mr. McNeil, Mr. Buczkowski, Mr. Dardenne, and Mr. Valenti. Invaluable aid is given by these teacher sponsors.

Graduates

The Class of 1966 has finished its Journey of Exploration at Northeast High School. A scared group of students chose Ronnie Kidd to lead them during their first year. Ending its hectic sophomore year with "Inferno" as the theme for the Sophomore Party, the class began its junior year with more assurance. As Rick Gwarek directed activities, the lovely "Kotobuki" Junior-Senior Prom was held. As seniors with Sam Bond at the head, the class led the school through a year filled with many activities, such as Homecoming festivities and graduation. With the training received during high school, the class will surge onward with distinction.

Pat,
I finally found
some room that
Clay didn't take up!
I've only known you for a
few months but I feel as if
I've known you for years. I've enjoyed
all the great conversations that we've
had about Clay and Mary. Mary, other
interesting subjects. I only hope we
can go on being friends to as long as
you want. Best & luck always,
your friend
Pat

I hope that you
and Clay will someday
sail a voyage together and
find your true happiness.
The both of you have shown
me what I have missed.
Best & luck, again,
Pat

ADVERTISEMENTS

Pam,

I remember the first time I met you at the bus-stop. I'm glad that started a close friendship. All the rides and places we went, you really did put up with me. All the problems we went thru boys and all the more serious aspects of life. But then it happened - we weren't as close as before, I don't know

The codfish lays ten thousand eggs,
The homely hen lays one.
The codfish never cackles
To tell you what she's done.
And so we scorn the codfish,
While the humble hen we prize,
Which only goes to show you
That it pays to advertise.

—Unknown

exactly what happened but it did. But with you living only say block away from me, we'll get back on the same basis. I'm glad everything turned out for you, you really deserved it all. I know you probably look back on Ki. memories are

 live on, because
 I sure have in

UNDER THE CIRCUMSTANCES . . .

"People are always blaming
 their circumstances for what they are.
 I don't believe in circumstances.
 The people who get on in this world
 are the people who get up and
 look for the circumstances they want,
 and, if they can't find them, make them."

My Dearest Pamela,

I looked through the Log when I first received it. In the front of the book there is an unusual parallel to our lives that I would like to mention. This symbolic parallel is that of a ship on which we voyage through life. Our final and most important voyage is in the future, the importance of which I've always tried to stress. This voyage will take from us all the willingness, fortitude, and desire we can muster so that our lives can be lived to the fullest.

When I first went down to the ice cream shop I felt an uncanny closeness to the "little girl in the pin-striped blouse" and knew then (because of my "status affairs") that I would like to enjoy the happiness and frivolity which surrounded you like an aurora. You and I went to get a drink at Olson's then drove downtown. We saw a sign which depicted a situation, which at the time, was one of my main concerns. I am happy to say "My Brother and I" are still united.

A little while later we went to see the Sound of Music and (I think we both can agree) started off what was to be the beginning of many wonderful times together. I commented on something that night and thought

Autographs

I had ruined everything - but as we both
can see, it didn't. I also learned that
night that you "just can't hold your
coke." I was almost afraid I'd break
you if I kissed you good night but
I risked it and you survived.

Many times after this we've been
to see and hear such things as My
Fair Lady, The Great Race, The Beach Boys
concerts and hosts of other things. We
enjoyed them all but if you hadn't
have been there - they would all be
different.

We've had to plan and compromise
and go through hardships galore but
we're still intact. The times that
we would count up our pennies
to get some chocolate chips cookies
or laugh when we ruined our
clothes (a bill is on its way - you
should get it by Friday), reminisced
about our times in the past and
related tales by the hundreds of all
our experiences. The times we'd duo
on our current events and vocabulary
papers; study together or procrastinate
together. They've all been fun.

I can remember all the inexpensive
dates too. The times we'd go swimming
or we'd see each other nominally
or visit at the other's home. I'll pro-
bably never forgive you for laughing at
me when I fell off the Sailboat at Mrs.
Gresh's dock when I was trying to teach

Autographs

you to sail.

I'll also remember all of our likes and dislikes. You and I can really come up with some good ones. Are you sure you don't like sneakers?

I've enjoyed the times we could match clothes and wear our little bunny (S) pins to school and out on dates together. I've enjoyed having you to go to (as a friend) with all my little problems and some fairly big ones too. You've helped me probably more than you'll ever know. But I do want you to know that I did and still do appreciate your kindness and understanding.

When I learned that you kept a diary I suddenly realized that I should never get you angry for fear of blackmail. You have been very good though and I think you'll have to admit that I've only gotten you mad — (fill in the blank) times.

Through our union you and I have been able to face life a little more like adults than before. We can very readily see that we will need each other even more now as the school year comes to a close and we move in our separate ways.

(I'm now trying to "cramp up" my writing so some other people will be able to put in their thoughts too.) I could write an entire book full of the things I like which concern you but I fear I would take me a million years to finish.

I've had so much fun with you, you've really helped me. I've also enjoyed the family too. Mom always being so understanding and Dad being so helpful. I've enjoyed helping (?) John with his band and Debbie fill the spot for the little sister I never had.

Autographs

I really enjoyed your Birthday and the Civinella Dance. At the time, we weren't to happy but I'm sure we'll be able to look back on them as pleasurable memories. I've enjoyed the way your family "took me in" and invited to share in their lives. I'll remember the time we went to the Clearwater Star Spec with Jim and Cindy. I'll also remember that this relation we have now has been all too short and how ironic it was that we both needed each other but didn't have the need to "step forward." You think you were lonely Christmas you should have seen me! I wanted to call you so badly but I didn't dare for fear you'd take it in the wrong manner. Yes, Pam, we've had wonderful times together and like I said we could both go on for years relating about them but this must come to a close.

To retrospect, I'd like to mention again the ship on which we take our voyage through life on. You, being part of a service family, are constantly moving, meeting new people and seeing old friends again. That's how I look at our relationship also. All though we both will be moving this time I hope (and deep down inside I really feel) we will be united again somewhere. Our boats will take us in different directions surely — but perhaps we'll put in to port at the same place sometime. That will be the time we'll both be able to be on the same ship. Until that time however, may I wish you a pleasant journey through life and also (with much love) wish you Bon Voyage.

With all the love that a figure can describe or a sea can hold or a mountain can hide, I give you my Best Wishes
Clayton Hilde

Pam,

You're just the most wonderful person I've ever met. You're too good to me. You always seem to understand and help me when I'm down ("You color me pink when I'm blue."). You're always there when I need you. I'll never forget the way you can run over when I was depressed about Wayne. No one's ever done that for me before. You did. I cry to think about going away next year and maybe never seeing you again. I've never had a friend like you, and no one will ever replace you.

Remember New Years Eve. We had such a good time putting on lipstick, and giggling, and talking. Then your mother said you looked like a zombie the next day.

We've gone through a lot of sorrows and joys together in the short time I've known you. Having you as my very best friend has been worth it. It means the world to me to know that there's someone who will always be there in my time of need.

You're wonderful, cutest, sweetest, and a million times more. You'll always be in my thoughts, Baby. You mean the world to me.

I'm here if you need me, honey. I'll be your friend for life if you want me. The very best of everything always.

Love always,

Sherri Trimble

Pam, It's been
 swell you in this year
 I luck science. But
 to a swell always
 stay as sweet as
 you are. Sandy

Pam
 It's really been great
 being in Civinettes with
 you. Don't forget the time

 always as you journey

 God bless you always.

Pam,
 To a real sweet girl
 and her batphone. Best of
 luck in all you do in your
 future. It's really been fun here at
 Northeast and I know that you will
 always have a place in your memories
 for good ole NEH. Don't forget the
 old smily (T. Robinson) and the fabulous
 English Class of '66. I hope to see you
 later; but if I don't. Good Luck!
